SELECT COMMITTEE
ON INTELLIGENCE

SPECIAL COMMITTEE ON AGING

United States Senate

WASHINGTON, DC 20510

June 13, 2024

The Honorable Jeff Merkley
Chairman
Appropriations Subcommittee on Interior,
Environment, and Related Agencies
Washington, DC 20510

The Honorable Lisa Murkowski
Ranking Member
Appropriations Subcommittee on Interior,
Environment, and Related Agencies
Washington, DC 20510

Dear Chairman Merkley and Ranking Member Murkowski:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2025 Interior, Environment, and Related Agencies Appropriations bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. None of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

Robert P. Casey, Jr.
United States Senator

**Casey, Robert(D-PA) Interior and Environment
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Fairfield Municipal Authority	This project will rehabilitate aging sanitary sewers in the Fairfield Municipal Authority's service area, which currently are experiencing inflow and infiltration from stormwater.	Adams County PA	\$1,630
Aleppo Township Authority	This project will replace a 50-year-old water line that has experienced numerous breaks with a new water line that will cut down on leaks and water loss issues. This project will also include the construction of an emergency interconnect for a neighboring authority.	Allegheny County PA	\$500
West View Water Authority	This project will implement upgrades at the West View Water Authority's Neville Island Water Treatment Plant to improve water quality and improve plant efficiency.	Allegheny County PA	\$750
Andrew Carnegie Free Library & Music Hall	The Andrew Carnegie Free Library & Music Hall seeks funding to support the renovation and restoration of a historic Music Hall, enhancing safety, aesthetics, and functionality.	Allegheny County PA	\$500
Monroeville Municipal Authority	This project will support the replacement of the Monroeville Municipal Authority's transite water lines, which have degraded over time.	Allegheny County PA	\$500
Parks Township Municipal Authority	This project will replace a cast iron water line, which has broken several times in recent years, with a new, more durable PVC line.	Armstrong County PA	\$181
Manor Township Joint Municipal Authority	This project will replace a water line that has experienced repeated breaks and cut off water access to residents of the southern portion of the authority's service area.	Armstrong County PA	\$500
City of Aliquippa	This project will support a storm sewer separation project in Aliquippa. This project will help reduce the risk of flooding, lower treatment costs, and increase available treatment capacity.	Beaver County PA	\$400
Municipal Water Authority of Aliquippa	This project will rehabilitate the final clarifier at the Aliquippa Wastewater Treatment Plant.	Beaver County PA	\$900
Belfast Township Municipal Authority	This project will construct a water storage tank to provide for a secondary water supply during power outages, flooding, and other events.	Belfast Township PA	\$536
Railroaders Heritage Corporation	The Railroaders Heritage Corporation seeks funding to conduct rehabilitation efforts to enhance facilities and viewing structures intended to increase regional tourism and protect artifacts and educational pieces about the site.	Blair County PA	\$250
Borough of Carlisle	This project will support pre-construction and early-stage construction work on the addition of PFAS removal infrastructure at its water treatment plant.	Borough of Carlisle PA	\$2,000
Borough of Catasauqua	This project will support critical improvements to the Borough of Catasauqua's Water Treatment Plan	Borough of Catasauqua PA	\$464
Borough of Marianna	This project will replace portions of the Borough of Marianna's water distribution system, which currently experiences loss rates of over 30 percent.	Borough of Marianna PA	\$400
Borough of Punxsutawney	This project will replace the chlorine disinfection system at the Punxsutawney Borough sewage treatment plant with an ultraviolet disinfection system, bringing the plant into compliance with effluent standards.	Borough of Punxsutawney PA	\$700
Borough of State College	This project will replace aging sanitary and storm sewer lines along Calder Way in the Borough of State College.	Borough of State College PA	\$1,500

Summit Authority	This project will construct a new sewage treatment plant, two new pump stations, and sewer lines and mains to connect a portion of Summit Township with public sewer service.	Butler PA	\$2,000
Bear Creek Watershed Authority	This project will support the installation of emergency generators for the Bear Creek Watershed Authority's sewage treatment plants.	Butler County PA	\$228
Mid-Cameron Authority	This project will support the Mid-Cameron Authority's sludge drying and storage structure to reduce the water content of sludge prior to transportation to landfill, improving efficiency and reducing costs.	Cameron County PA	\$397
Friends of Chester County 250 at the Chester County Community Foundation	The Friends of Chester County 250 at the Chester County Community Foundation seek funding to restore and improve Brandywine Battlefield National Historic Landmark area, located in one of the oldest Congressionally decreed Landmarks in the United States.	Chadds Ford, Delaware County PA	\$500
Mt Zion Historical, Cultural and Educational Community Center and Sepulcher	To restore and preserve the "Old Mt. Zion" historical church and war cemetery.	Chester County PA	\$500
City of Williamsport	This project will improve storm sewer infrastructure to prevent clogs and backups.	City of Williamsport PA	\$2,431
Clifton Heights Borough	This project will add new stormwater management infrastructure along Springfield Road in Clifton Heights.	Clifton Heights Borough PA	\$3,000
Crawford County Historical Society	Crawford County Historical Society seeks funding to restore the exterior of Mount Hope: The Baldwin-Reynolds House Museum in Meadville, Pennsylvania, former home of United States Supreme Court Justice Henry Baldwin.	Crawford County PA	\$56
Meadville Area Sewer Authority	This project will rehabilitate an aging force main that runs under the French Creek in Meadville, Pennsylvania.	Crawford County PA	\$1,440
Chester Water Authority	This project would replace aging and failing water mains in the City of Chester.	Delaware County PA	\$1,000
Southwestern Pennsylvania Water Authority	This project will support the extension of the Southwestern Pennsylvania Water Authority's water distribution system to serve the Albert Gallatin Municipal Authority system.	Fayette County PA	\$400
Redstone Township Sewer Authority	This project will support work to extend sewage services to a low-income housing complex that currently lacks proper sanitary sewer services.	Fayette County PA	\$750
North Fayette County Municipal Authority	This project will make critically needed improvements to the water treatment plant for the North Fayette County Municipal Authority.	Fayette County PA	\$2,000
Dry Tavern Sewer Authority	This project will improve operations at the Dry Tavern Sewer Authority's sewage treatment plant, which currently does not meet requirements for solids retention.	Greene County PA	\$486
The Dennis Farm Charitable Land Trust	The Dennis Farm Charitable Land Trust seeks funding to restore the 200-year-old house on the Historic Dennis Farm and transform it to a public space that tells the history of the United States through the history of the free, African American family, including veterans of the American Revolution th	Kingsley, Susquehanna County PA	\$500
Lehigh County Authority	This project will rehabilitate sanitary sewer pipes in the City of Allentown to prevent inflow and infiltration of stormwater.	Lehigh County PA	\$4,198
Montgomery Water Authority	This project would replace galvanized water lines and leaded goosenecks in Montgomery Borough.	Lycoming County PA	\$264
Hermitage Municipal Authority	This project will remove an aging and outdated pump station in the City of Hermitage and redirect sewage to two other pump stations, reducing operating costs while eliminating the threat of an outage.	Mercer County PA	\$913

Monroe County	This project will make several major upgrades to the Monroe County Wastewater Treatment Plant, including the replacement of the headworks system and aeration process equipment.	Monroe County PA	\$2,050
Hatfield Township Municipal Authority	This project will install backup power supply at the Hatfield Township Municipal Authority's Wastewater Treatment Plant to ensure continuous operation, even during power outages or other extreme events.	Montgomery County PA	\$2,000
Newberry Township	This project will replace two storm culverts and associated infrastructure that were damaged by Hurricane Ida.	Newberry Township PA	\$119
Friends of Clarks Ferry Tavern	Friends of Clarks Ferry Tavern seeks funding to restore the oldest building in the county, the Clarks Ferry Tavern, which served as a gateway to the west for decades.	Perry County PA	\$325
Philadelphia Water Department, City of Philadelphia	The project will support the removal and replacement of existing lead and galvanized steel service lines within the socially vulnerable and disadvantaged Kensington neighborhood located in the City of Philadelphia.	Philadelphia PA	\$1,500
Pittsburgh Water and Sewer Authority	This project will construct a stormwater holding tank to reduce overflow into the Monongahela River.	Pittsburgh PA	\$750
Pennsylvania Department of Conservation and Natural Resources (DCNR)	Pennsylvania Department of Conservation and Natural Resources seeks funding to upgrade the cabin colony onsite at Denton Hill State Park to be fully ADA accessible. This proposal seeks funding complete the design phase as well as the rehabilitation and construction phases.	Potter County PA	\$850
Sandy Township	This project would extend public sewer lines along Industrial Drive in Sandy Township.	Sandy Township PA	\$500
Chesapeake Conservancy	This project will support pollution reduction projects at family-owned farms in Central Pennsylvania to improve water quality.	Snyder County PA	\$400
Upper Providence Township	This project will replace asbestos-lined gravity and force mains in Upper Providence Township that are at imminent risk of failure.	Upper Providence Township PA	\$2,000
West Newton Borough	This project will upgrade outdated components at the West Newton Borough lift station to mitigate combined sewer overflows.	West Newton Borough PA	\$750
